## Single Design - #5 Picot Rows

Both sides are rows of ch-4 picots.

*This interlocking pattern works evenly over any number of A-colored boxes (minimum 2 A-colored boxes).*

With A, work a foundation ch that is a multiple of 2 sts + 4.

Foundation Row A: With A, work row 1 of filet mesh, set aside.

With B, work a foundation ch that is two chains shorter than the length of the A-colored foundation chain.

Foundation Row B: With B, work row 1 of filet mesh, set aside.

Place the A-colored layer on top of the B-colored layer, with the working yarn of both pieces at the same edge (right edge if you are right-handed, left edge if you are left handed).

### **Chain-4 Picot: Ch 4, sl st in first ch of ch 4.**
